Intensive Reading / Math	3 ring binder, with three dividers

IMPORTANT NOTES:

- Purchase a homework planner.
- This could be as simple as a composition book with blank pages or as fancy as you want with calendar pages. However, it is imperative that you keep track of all assignments and due dates.
- Take time this summer to develop an organizational strategy for keeping up with 7 classes.
- Unless noted that a class needs a binder dedicated to a specific class, consider a large binder with sections for several classes. Insert a folder with pockets in each section for loose papers.

- Take some time to consider when you will work on homework assignments each day. Your schedule may change throughout the school year depending on what you are involved in and your original plan may need to be adjusted, but having a regular time each day with a consistent location for homework is an important step in ensuring you prioritize your academic success.
- Be sure your study location has all the necessary supplies handy(pens, pencils, highlighters, paper, stapler, etc.)
