#### Curriculum:

The school's academic program reflects a modified block schedule unique to John Carroll High School. Students attend their classes three times each week for 72 minute periods. There are two "flex sessions" throughout the week where students have an opportunity for extra academic support and for fellowship through non-academic community events. John Carroll maintains high academic standards and expectations for all students; therefore, the school offers Advanced Placement, dual enrollment, honors, and college preparatory classes. There are strict guidelines and prerequisites that a student must meet in order to participate in an AP class; the school does this to ensure a high level of academic rigor in these classes and to make sure all students are prepared to meet the demands of an AP course. Dual enrollment opportunities are offered on our campus through a partnership with Indian River State College.

The AP classes offered are: Biology\*, Calculus AB, Calculus BC, Chemistry\*, Computer Science A, Computer Science Principles, English Literature and Composition, English Language and Composition, Environmental Science, Research, Seminar, Spanish Language, Statistics, US History, US Government, World History.
